

A NEW LOOK AT AMERICAN SADDLEBREDS

Show Horse: Dressage

American Saddle Horses will give all that you need and more as a Dressage horse. This is the breed if you need flexibility, a super athletic, a great temperament, excellent conformation and sportsmanship. American Saddlebreds embody the correct conformation for dressage, got a strong trot and sets his/her hind legs squarely underneath its body and this helps create the impulsion needed for dressage work. The Saddle bred has the will to work hard and intelligence to learn all that you want it to learn.

Sports Horse: Extreme sport driving

American Saddle Horses will give you the ultimate pleasure as a cross country driving horse.

Sports Horse: Eventing

American Saddle Horses will give you hours of pleasure in eventing!

Therapeutic Horse

The first class for disabled riders in Bloemfontein was in 1999. This class demonstrates again the versatility of the saddle horse. First of all, the saddle horse is a show horse but, if trained correctly, they can be used for disabled riders. In Bloemfontein horses are used in this class that have shown during the week in performance or equitation classes.
