

Virak

Virak is a chestnut Boerperd/Arab cross. He is five years old and stands 15.2hh. He has a blue log book and has started training for endurance and has done a 50km slow pleasure ride already. Virak is a lovely horse and we are sad to sell him. He is very willing to please and is very eager to ride in front and is definitely not lazy. He is easy to handle and would suit a person that wants to bring on a young horse and do well because he oozes potential!! We would love to keep him, because we have high hopes for him, but we have too many horses to ride and too few riders!!
