

LEATHER CARE:

CDM GLYCERINE SPRAY SOAP

Carr, Day and Martin have been manufacturing horse and leather care products for over 230 years. They have held a Royal Warrant to supply the Royal family since George IV due to their ability to produce quality products in continually changing markets. An easy to use spray formulation containing a subtle blend of coconut oil and glycerine. Specially formulated to clean and soften saddlery leather, prolonging its life. Easy and convenient to use. Not suitable for aniline or untreated leather, suede or nubuck. Size: 500ml

MOORES GLYCERINE BAR

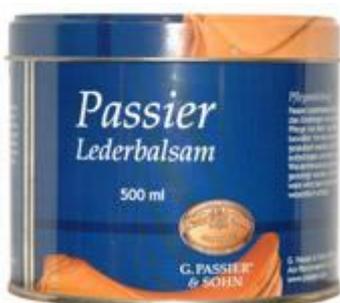

A Glycerine bar soap to clean, soften and condition leather. Specially prepared for cleaning saddles, upholstery, leather etc. Size: 250g

MOORES HIDE CARE 250G

Moore's Hide Care softens and nourishes your tack, prolonging its life and enhancing its appearance. Apply to clean, dry tack and allow the product to penetrate the leather. Not suitable for suede and other sensitive leathers.

PASSIER LEATHER BALSAM

Designed and manufactured by Passier, one of Germany's oldest and most respected saddle makers. Passier Lederbalsam is a tried and tested leather dressing that restores and preserves fine saddlery. Lederbalsam protects against moisture and keeps the leather soft, thus prolonging its life. Size: 500ml

STUBBEN HAMANOL

Stübben Leather care products have been developed in conjunction with their tanners, keeping the special characteristics of Stübben leather in mind. Hamanol leather dressing refreshes the leather and restores its unique texture and grip. Size: 250g

WINTEC SADDLE CLEANER 500ML

This liquid spray soap is a scientifically formulated solution that ensures your synthetic saddle continues to look like new. Dirt, mud, sweat, even stubborn stains are effortlessly removed. Made by Wintec - the world's No. 1 synthetic saddle manufacturer. Available in 500ml spray bottle

XENIA NATURAL BALM

+ click on image to enlarge

This deep penetrating leather balm is made from bees wax as well as other natural ingredients, which nourish, soften and preserve the leather. It does not contain any plant oils that will cause the leather to oxidise and weaken. Size: 250gm
